

The Hospital Annual Meeting

The annual meeting of patrons of The Hazelton Hospital was held in the Union church, Hazelton on Thursday night. There was a good attendance and keen interest was taken in the reports presented. The people's representatives were elected to the advisory board and there was a pleasant social time. The superintendant's report and financial statement will be found on page four and next week a further report will be given.

The Hazelton Hospital, the pioneer hospital of the Northern Interior and the most modernlv equipped.

Betty Coal Mine Moves Camp to Its Old Location

This week the new bridge over the creek at the Betty coal mine will have been finished by the government and the first of the week Messrs. Gillespie & Wilson, the operators of the mine, moved their camp from the Telkwa Collieries to the Betty mine and are now digging coal on their old stamping ground. There is a big and growing demand for Betty Mine coal, both in the interior and on the coast, and before long there will be a number of men working underground. It is expected that coal will be hauled out to the railway all next summer, as the road is in fair shape, and a little more gravel would make it good travelling.

Dr. Petrie Returning

It will be learned with general pleasure that Dr. G. A. Petrie will return within the next few days to resume his work at The Hazelton Hospital with Dr. H. C. Wrinch. Dr. Petrie left Hazelton a little more than two years ago to take a post-graduate course in Edinburgh and since then he has been associated with several British and Continental medical and surgical institutions. He is one of the brightest minds and one of the best medical men that has yet been in the north and the knowledge he has gained during the past two years will be of great benefit to The Hospital and the people along the Grand Trunk Pacific. Dr. Petrie was well liked when here before and upon his return he will not only be warmly welcomed, but the usefulness of The Hazelton Hospital will be extended to a wider area than has been possible during the past couple of years.

OVERHEARD AROUND NEW HAZELTON

P. S. Bonney has taken over his duties as Chief Forester at Prince Rupert and will have jurisdiction over the interior country as well as the coast. He was formerly at Prince George.

Edmonton is beginning to attract trappers in the Northern and Central parts of British Columbia as a good market with quick returns for their furs. The Northern Trading Co., of Edmonton, one of the largest fur houses in the West, is in the field for raw furs from this district. Shipments already made to that firm have been very satisfactory to the shipper.

The Interior district will be interested to learn of the marriage of Miss Nina Pringle, of Prince Rupert, to Milton Gonzales, of the firm of Williams, Manson & Gonzales, Prince Rupert. The event took place on Friday morning in the Presbyterian church. Rev. Dr. Grant performed the ceremony. The groom is well known in the interior and the best wishes of all are extended to the happy young couple.

The residents of Mud Creek held a progressive whist party in the schoolhouse last Saturday night, and a sleighload of New Hazelton people took in the affair. First and second prizes were won by E. McMullen and C. Schultzie, while S. Spooner carried off the consolation.

Giggey's mill is to be removed west to near Donald Bruce's place. The new buildings are now in course of erection. The new location will increase the haulage to Terrace by nearly a mile and a half.

Annual Meeting of Co-operative Held at Telkwa

The Northern Interior Co-operative Association have started out on another year with a little brighter prospects than they have faced at the first of any year since the first organization. As with all such organizations there are hills to climb, and each year, thus far, the management has gotten over the rough spots. On Saturday afternoon last a fair number of farmers gathered in the town hall at Telkwa to hear the annual report of their association and to elect a new board of directors, and also to decide upon the policy for the ensuing year.

President F. M. Dockrill occupied the chair and Secretary Geo. M. Murray read the minutes of the last meeting, held in Houston in July. The president also read the auditor's statement for the past year, which, while not particularly gratifying, showed that the adoption of a more economical policy was bearing fruit. The last six months of the year was an even break, while the last three months showed a small profit. This latter feature was really the cause of a later decision to carry on and follow the same policy of economy.

The president, in making his report, made a plea to the shareholders to extend greater loyalty to their association. He pointed out that the only hope of success was for the members to stay by the association and give them all the support possible.

There were a number present who would not have objected had it been decided to disband the association, but when the question was put to them direct they had to admit that the farmers badly needed an association of some kind and that if this one were disbanded another would be started. The producers, however, refused to support a motion to increase the commission allowed the association from five per cent to ten per cent. The amount of commission paid by the producers has always been a bone of contention between them and the management, the latter maintaining that business cannot be carried on on a five per cent basis, and the annual reports for several years have proven their contention.

The officers for the year were elected as follows: President, F. M. Dockrill, Telkwa; Vice-President, Harry Davis, Houston; Directors, A. Shelford, the Lakes District; Richard M. Carroll, Palling; Frank Madigan and Neil McInnes, Houston; Wm. Cocks, Deep Creek; Geo. Murray, Round Lake; West of Telkwa, R. May, Morricetown and C. C. Chapman, Smithers.

TOUGH CUSTOMERS

Barber Law:—“Come on, you two beavers, you’ve been kept waiting long enough.” —John Bull.

Optimistic Spirit Follows Coming of Guggenheims

An engineer, representing the Guggenheim interests, the new owners of the Jefferson interests on Dome mountain, will arrive to begin work on the development of this promising new gold field. Just what the nature of the first work will be up to the engineer after he has gone over the property, but it is expected that a shaft will be sunk and some diamond drilling done. A camp is to be erected to accommodate a good sized crew of men. As a result of the deal Mr. Jefferson consummated recently in New York and the entrance of the Guggenheims into this field the local people are feeling much more cheerful in regard to the immediate future. Prospects for all lines of endeavor are very much brighter, and with Dome mountain working a good force of men and the development now going on on Hudson Bay mountain it looks like a solution of the marketing problem of local produce will be solved with profit to all. Not only are the farmers to benefit, but the prospectors all have high hopes that once the great mining corporation gets going that they will be able to find a market for all the worthy mineral properties in the district.

Valentine Social

Don't forget the Valentine social to be given by the Ladies Aid in the New Hazelton church next Wednesday night. There will be a program, refreshments and home-made candy, the best in the world, to be had. Come yourself and bring the family.

Lost His Arm At a Saw Mill Near Terrace

A very painful accident occurred at Giggey's mill on Tuesday when Bud Barrie slipped and fell with his right arm coming into contact with the revolving saw. The arm was badly chewed up, in fact almost severed above the elbow. First aid was immediately rendered and the patient taken to town and sent to The Hazelton Hospital. He was met at the depot by Dr. Wrinch who found it necessary to amputate the arm, which was done the same night. The patient is getting along well. He came from Prince Rupert a couple of days before the accident happened.

Terrace Conservatives

The Terrace Conservatives held their annual meeting in Gordon's Hotel on Saturday night, Geo. Dover presiding over a fair company. Only routine matters were discussed and the following officers were elected for the ensuing year:—

President: Geo. Dover.
Vice-President: J. Nelson.
Secretary: R. Jeatt.
Organiser: J. Hepburn.
Executive Committee: A. Kerr, T. Turner, senr., J. Swan.

Copper Market Strong

Copper price advanced to 15c a pound delivered. Domestic sales good, although slightly less, owing to price increases, but the European sales are encouraging. For the year 1922 Canada and U. S. shipped 725,000,000 pounds of copper or 100,000,000 pounds more than 1921. Germany was the heaviest buyer, taking 210,000,000 pounds in the first eleven months.

The Hazelton Hospital

A somewhat better financial showing was made by The Hazelton Hospital during 1922 as will be shown by the annual report as presented to the patrons last night. While this is very gratifying to the people of this district much credit is due to Rev. T. Ferrier, of Brandon, who personally investigated the financial condition of the institution and then made a successful effort to impress upon the Methodist Mission Board the needs of this Hospital. He secured a substantial additional grant which has made a big difference to the management of the Hospital. Some extra assistance was also obtained from the provincial government. Thus much-needed repairs have been made and will be made this year.

The people of this district are indeed fortunate in securing this additional help. Had it been necessary to call upon them to make up the deficit it would have been a heavy load. The majority of the people give liberally to the institution every year, as will be seen by the list of contributions published in the annual report, and the maintenance of The Hazelton Hospital, with its modern equipment and appliances, is more than the present population could stand, but the most difficult times the institution has experienced have been passed. The management looks to the immediate future with optimism and plans are now completed to extend the usefulness of The Hospital so that the patrons and friends of the institution may well resume their work for the new year with courage.

When Figures Lie

Canada's liquor bill increased over \$16,000,000 last year over 1915, while the malt bill decreased by over over half a million. These are import figures. With these figures fanatics are trying to prove that Canada is drinking that much hard liquor. Such is not the case. It is safe to say all of that increase for hard liquor is exported into the United States and drunk by visitors to Canada. Canadians are not the drunkards some people try to make out. It is doubtful if Canadians, as a nation, drink anything like as much as other nations. There is a good reason, also, for the decrease in the consumption of malt liquors. The government of B.C., for instance, charges almost as much for beer as for whiskey and does not deliver the goods. The beer of today is not of the quality it was in years gone by. Getting back to hard liquor—

eighteen or nineteen million dollars is a very small amount for Canada to spend on liquor when a nation to the south looks to Canada to supply her hundred million of population with whiskey and other joy waters. That amount of money would also indicate that, in proportion to the business offering, a very small amount of rum-running is going on.

In drilling for oil at Ottawa a heavy flow of gas has been encountered.

An old woman in New York left her fortune to be spent on a hospital for cats and dogs. One must look after one's own kind.

Burns Lake wants a vendor's store, and it is reported that Smithers has offered to consent to its booze store being moved to the lakes country.

Montreal gets the Canadian National head offices, and Toronto gets the administrative offices for the central section and of the branch lines into the U.S. We should worry. Our troubles will be dealt with at Winnipeg.

Vancouver papers pretend to laugh at a threat from Prince Rupert to boycott the southern city. Vancouver does not believe that Rupert or the north has sufficient nerve to stand on its own feet and buy goods in the open market. Perhaps Vancouver is right.

TELKWA TALES

News from the Hub of Bulkley Valley

Mr. Bossons arrived last week to visit his son, who has been under the weather for some time.

Eight new settlers have moved into the Walcott district since last fall, says Harry Beck, and more are coming. The next thing we need out there is a school.

T. J. Thorp was able to be around last week, after having been laid up for a few weeks. He is still a little shakey, but with spring weather that will soon wear off.

On Friday afternoon the directors of the Northern Interior Co-operative Association met in the town hall, to prepare their report and recommendations for the annual meeting of the shareholders on Saturday afternoon. One of the chief recommendations to be passed on to the new directors was that in future all carload shipments be paid for in cash the minute the money was collected from the purchaser. At the meeting those present were: F. M. Dockrill, Geo. Murray, R. May, and Frank Madigan, Henry Frank, of Terrace, and Harry Davis, of Houston. Manager Murray, of Prince Rupert, was also present.

Rev. T. J. Marsh, of Terrace, held Anglican services at the Bethurem hall Tuesday night.

Rev. Father Allard paid his parishioners a visit on Tuesday and held mass at Bethurem hall.

A son was born to Mrs. C. Bunn—widow of the late C.C. Bunn—Sunday morning. The fine bouncing 13 1-2 pound boy and mother are doing well.

Messrs. Lloyd and Edgar are obtaining a lease of the land back of 4118, where they intend to start cutting ties and poles. They have transformed the Andrew Pete place into headquarters for men and two team of horses.

The foundation of the new hotel was started Wednesday, on Lot 26, back of the railway station. It is to be large enough to accommodate the present travel, with all modern conveniences for the comfort of guests. T. Shackleton, who is the proprietor, came here Monday with two assistants and with local help commenced excavating for the foundation. The Kleanza mill are supplying the material.

James Fea, Smithers, paid Usk a visit on Wednesday and is a guest at Hotel Durham.

Mr. Hatt, of Terrace was a visitor to town and returned Wednesday.

The Kleanza Co. have been waiting for the engineer to commence operation in the mill, he arrived Wednesday night and the wheels will turn for an endless whirl on Saturday.

The bear did not see his shadow last Friday and the weather has since been racing towards the spring brand. Heavy rains ate into the snow and on Monday mosquitos were numerous about town.

Lora Donnhour Died Sunday The Hospital

A very distressing death occurred at The Hazelton Hospital on Sunday night when Lorna, the seven-year-old daughter of Mr. and Mrs. O. Donnhour, of Copper City, passed away. The little girl had suffered from appendicitis and on the Monday previous to her death the appendix became ruptured. She was brought to The Hazelton Hospital on Thursday, but she was too far gone for any hope of an operation being beneficial, and she passed away Sunday night. The remains were taken back to Copper City on Monday by the mother. Rev. W. J. Parsons, of Terrace accompanied the patient to The Hospital. Mr. and Mrs. Donnhour have the sympathy of the community in their bereavement.

The funeral took place at Kitsumkalum on Monday afternoon, Mrs. Wilder, Mrs. Weissmuller, Mrs. Dobie and Miss Stewart travelling down with the remains. Rev. J. H. Young conducted a funeral service at his house and later at the graveside he read the committal service.

Hanall

R. E. Allen spent Thursday and Friday in Rupert to attend the annual meeting of the Timbermen's Assn. of Northern B.C.

Jack Curwin spent Saturday in Terrace.

Mrs. J. A. Edwards, Prince Rupert, and daughter Lorraine, are visiting Mrs. Edward's parents, Mr. and Mrs. R. E. Allen.

Mesdames Lidstone and Carlson spent Tuesday in Usk.

Tie Inspector Dobie was here visiting last week.

B.V.D. Hospital Held Its Annual Meet Smithers

On Monday night, Jan. 29, the B.V.D. Hospital held their annual meeting in the Smithers hall. A financial statement was presented to the meeting showing a credit balance of \$14,060.72, while the liabilities of the institution amounted to \$657.82. The chairman, J.G. Stephens, outlined the work done by the board during the past year, and Dr. Hankinson outlined the medical work performed at the hospital during the year. The reports were accepted by the meeting and a vote of thanks tendered to the board of directors and the medical superintendent of the splendid work carried on by them during the past year.

The following were elected to be members of the board of directors for 1923:—Sam Mayer, Thos. Allen, P. Berg, George A. Raymond; Harvey Davies, of Houston; Olof Hanson, F. McKenzie.

Letters to the Editor**Road is Impassable**

Editor Omineca Herald,—Will you draw attention of the public works department to the condition of the road between Houston and Wistaria. It is impassable for either man or beast with the result that settlers are forced to move away at a great loss. A number have gone and others are preparing to go as soon as they can get rid of their stock. A petition was sent to our member but there has been no result.

Yours truly,

Wistaria Rancher.

Timbermen Held Meeting

The annual meeting of the Northern B.C. Timbermen's Assn. was held in Prince Rupert Friday of last week when representatives of most of the mills along the railway were present. The timbermen are asking the railway company to furnish an assembly wharf at Rupert to enable the northern mills to participate in the export lumber business, which at the present time would keep all mills running to capacity. They also asked for a reduction of freight rates and also a reduction in the provincial tax on the lumber industry. The officers elected were as follows:—President, E.F. Duby, Prince Rupert; Vice-President, Olof Hanson; Secretary, W. E. Williams, Prince Rupert; Executive: A. Y. Wilson, Remo; R. E. Allen, Hanall; John Wilman, Usk; G. W. Nickerson, Prince Rupert; J. R. Morgan, Prince Rupert; George Little, Terrace and George Dover, Ambury.

An interesting visitor to town during the week-end was Charlie Newnham, of Kalum Lake. He was looking some better.

Henry Frank has returned from a visit to Telkwa.

Capt. Wilman, of Kleanza Co., was here on Saturday.

Mr. and Mrs. Storie are returning from Usk to Terrace.

The Callahams left Terrace for Usk on Sunday.

Miss Hanna, Hazelton, spent the week-end with Mrs. F. Ralph.

George Little and R. E. Allen returned from the coast Friday.

A number of men have gone this week to work at Amesbury mill.

Mrs. Kohne has returned home after a lengthy visit to the prairies.

Ted Baker is getting out poles and piling from the Keith property.

Little's mill has started sawing again this week after many week's idleness.

Mrs. T. H. Walsh, of Dorreen, visited Mrs. Sparkes, her mother, last week.

Miss Etanda Marsh was at home for the week-end, returning to Rupert Sunday.

George Cobb had an accident while hauling poles, his team slipping on the Viger hill.

P.Z. Carverhill, chief forester, left Terrace for Rupert at the week-end.

Mrs. Dover went to Rupert with her daughter on Friday and joined Mr. Dover there.

Mrs. E. T. Kenney paid a visit to Prince Rupert, returning on Tuesday.

Mesdames Skinner, Eckhart, Macdonald and Miss Wedderhead, were visitors in town from Usk on Saturday.

Twelve teams are hauling poles from north of the Bedour road and already a fine lot have been deposited near the depot.

Archbishop DuVernet preached to a large congregation Sunday night, his hearers being much impressed by his fine sermon.

The members of the Ladies' Guild held a charade night Tuesday night in the Presbyterian church, which was thoroughly enjoyable.

B.W. Wilkinson pulled out from Terrace on Wednesday, making tracks for Kamloops. He will be missed from the sporty side of Terrace.

One of the most successful of the Women's Auxiliary meetings was held in the Progress Hall, Mrs. Bishop entertaining quite a large gathering.

Mrs. Mancor presided at the meeting of the G.W.V.A. Ladies' Auxiliary on Tuesday when the final arrangements for the dance on St. Valentine's night were made.

"The fashionable west-end suburb of Terrace" is what Archbishop DuVernet said Kitsumkalum would be in a few years.

"Dad" Week's turn next, surely!

The Terrace Athletic Club has

got going, having rented the G.W.V.A. Hall for Tuesday nights. Boxing, fencing and basketball are the initial sports. Others will be added later.

A number of the G.T.P. track engineers have been working in the vicinity of Terrace for a week. Among them were S. V. Ardagh, New Hazelton, Mr. Goodall, Prince George and Mr. Anderson, Prince Rupert.

Messrs. Geo. Little, Terrace; George Dover, Amesbury; A. Y. Wilson, Remo; and R. E. Allen, Hanall, were among those who welcomed the Northern B. C. Timbermen's Association and the Western Lumbermen's Association to Prince Rupert last week.

Quite a little comment has been occasioned by the accident this week at Giggey's mill. Surely the Workmen's Compensation fund should be able to provide a modest little ambulance theatre in Terrace. With so many mills around it would be a godsend.

Fine Social Evening

The Progress Hall, Terrace, was well filled on Friday night when a social evening, promoted by the Anglican church was held for all and sundry. Rev. T. J. Marsh presided and welcomed his parishioners. A splendid program of music, song and recitation was staged, after which refreshments were served and the evening wound up with everyone feeling "jake." An interesting item on the program was a short address by Archbishop DuVernet, who reminded his hearers that Rev. Marsh had been 15 years in Terrace. Only one clergyman in the diocese had been longer in it than Mr. Marsh, Canon Rushbrook, and for all that time he had put before him the desire to be all that was good and helpful to the people of that district. Archbishop DuVernet went on to speak of his experiences with regard to thought transference, and later held a consultation on the subject.

The Hotel Visitors

Visitors to Terrace are steadily becoming more numerous judging from the hotel entries. At the Tourist Hotel this week were registered: A. Milton, Amesbury; Mrs. MacDonald, Woodcock; J. Lorman, Hanall; E. Colberg, Usk; A. Johnson, Shames; A. Kennedy, M. Allard, E. McCay, P. Madan.

Terrace Hotel included the following: F. J. Hall, G.W. Kerr, H. O'Neil, J. Dean, H. Gawthorn, Prince Rupert; D. W. Austin, Oscar Olander, Kalum Lake; C. Newnham, Rosswood; A. H. Lund, Victoria; J. A. Latimer, F. P. Fisher, Vancouver; O. Nesberg; W.C. Edgar, T. Harrison, Usk; Miss Cate, Lakelse; A. Goodenough, W. G. Tasker, C. W. Parker, T. Masterton, P. Brodin, M. W. Brooking, T. Johnston, B. Barrie, E.R. Taburn, C.A. Smith,

GEO. LITTLE Terrace, B.C.

THE HAZELTON HOSPITAL

SUPERINTENDENT'S REPORT

The year just closed has been to hospitals much what it has been to other institutions and interests in the country; a disappointment, in that general conditions have not improved to the extent of the hopes and expectations of its early months.

Probably most people would be not a little surprised if told that hospital service should be classed among the luxuries of the present day. Certainly no one chooses voluntarily to become ill in order to participate in this luxury. Rather than concede it to be a luxury many will tell you a hospital is a good place to keep away from. This also is a contention that challenges contradiction. A little reflection, however, reveals the fact that when one is overtaken by illness he is only too glad to have hospital facilities accessible, and to be in a position financially to avail himself of the luxury of them.

It is in this respect that hospitals find their financial condition reflecting that of the country and the people in general. When times are good the hospitals find their wards occupied to capacity by patients well able to repay the cost of service rendered them. On the other hand, in times of stringency there are more empty beds, and those that are occupied will show a higher percentage of patients unable to adequately reimburse the hospital for what they are compelled to ask of them. The larger percentage of empty beds is to be interpreted as indicating, not less illness in the community, but the corresponding proportion of patients remaining in their homes, often with sadly inadequate nursing, rather than seeking admission to hospital and incurring financial obligations they are unable to meet.

This report we present to you today is in many respects to be explained on the principles as above described. The attendance of patients has been somewhat below normal, and this is accompanied by marked decrease in financial returns from the patients themselves. Had it not been that special financial assistance has been made available to the hospital from organizations interested in the service it stands for, it would have been impossible for it to meet its obligations. In other words, it would have had to close its doors.

More extended comment upon this phase of work is being made in the report of your Advisory Board which accompanies this.

One of the most pleasing and encouraging features of the year was the celebration on May 12th of the annual "HOSPITAL DAY". This was only the second occasion of the celebration of an event which has certainly "come to stay".

Instead of merely making a day of it, the exercises were extended over four days, closing with appropriate references to the all-importance of the subject by the pastors of the local churches in their Sunday Services.

Not only was the response enthusiastic and general by the local friends, but friendly messages of loyal sympathy, accompanied by donations, were sent in from a number of outside points, as far west as Terrace.

The matter of bringing in money was made distinctly secondary to that of creating and stimulating a sympathetic interest in the hospital and its work. Notwithstanding this, the very creditable sum of \$495.15 was turned over to the Treasurer as the net proceeds of the events connected with the Day.

The attendance of visitors to the hospital on the occasion of the Reception was more than double that of the preceding year. From the standpoint of the management of the hospital, this splendid attendance constituted the most certain evidence of the success of the event.

It is gratifying to be able to report that at last the very necessary repairs that were postponed from year to year during war time and since, have at last received attention.

This has been made possible by the response of the different governments and Methodist Church organizations to our urgent representations of the absolute necessity of the case.

As a beginning, new foundations were put under all the principal buildings. This was done at the latter part of the building season and was completed in good shape before winter. The repair work will be resumed as soon as weather conditions permit in the Spring, and will comprise new shingles on most of the roofs, some brick chimneys, and a large amount of painting both inside and out. Also some repairs to plumbing and some new fixtures.

The exceptional drouth of last summer accentuated the problem of a somewhat too limited water supply. This was remedied by locating a new well with a much stronger flow and piping water from that to the former well, from which it is pumped to tanks within the buildings. We now have a permanently abundant supply of water.

Synopsis of Land Act Amendments

Minimum price of first-class land reduced to \$5 an acre; second-class to \$2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$300 in amount and records same each year.

Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads, title to be obtained after fulfilling residential and improvement conditions, and surveying land.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 28, 1918. Taxes are remitted for 5 years.

Provision for return of moneys accrued, due and been paid since August 1, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enactment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS.

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole or original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1922.

GRAZING.

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock owners may form associations for range management. Free, or partially free, permits for settlers, campers or travellers up to ten head.

HAZELTON NOTES

Great West Life business in force in 1921 was \$286,718,765. Payments to Policy holders \$22,217,302—Wm. Grant's Agency.

Angus McIntosh came down from the telegraph line this week for a holiday.

W. Wattie left Thursday for Vancouver and Victoria on business and pleasure.

Pete Jennings and associates sold their stock of poles at Carnaby to Olof Hanson this week.

Miss Margaret Wattie has completed her sojourn at The Hospital and returned home Wednesday

Mrs. Wm. Grant spent yesterday in Smithers with her daughters. It was Helen's sixteenth birthday.

Pete Jensen left on Wednesday with a dog team for his old placer grounds in the Ingenica. He is travelling via Babine.

Mrs. Rowe of the Kispiox was admitted to The Hospital the first of the week. Mrs. Withrow accompanied her on the trip.

Roy Smith was host at a dance in Assembly hall on Wednesday night and a large number of citizens availed themselves of his hospitality.

C. W. Dawson was in Rupert a couple of days this week playing put and take with "The Trapper's Friend." Bear skins was the medium of exchange.

Dave Purvis expects to leave next week for the Stewart Lake country to put in another season in his search for gold. Last fall he brought out some samples of ore that were encouraging.

The biggest game of dice that this town has seen for a long time was rolled on Monday. A car load of German marks and a row of tenement houses in south town were bet against a Canadian dollar. The man with the dollar threw four flappers first flop and won. He is now afraid John Oliver will slap on his wonderful and horrible "personal property tax."

A. Roy McDonell was able to be out the first of the week after his recent illness.

May Govern Ruhr

General Weygand, chief of staff to Marshall Foch, may be appointed High Commissioner for the occupied Ruhr district.
